

May 29 - Physiotherapy in Canada Where it all began in BC

Physiotherapy in BC and Canada started with a small group of Nurse-Masseuses in Britain who formed the Society of Trained Masseuses. Members of the society began to organize in Toronto and Montreal, bringing officers with the them knowledge and practice not yet heard of before in Canada.

[The Roots of Physiotherapy in Canada](#) tells us more about how this small group of physiotherapy pioneers paved the way for future physiotherapists and the many patients who have benefitted greatly from their expertise.

Find out more about the history of physiotherapy in Canada and BC by following our [75th Anniversary History Project](#)
