

## May 31 - Find-a-Physio - PABC website

Visit [Find A Physio](#) to locate a physiotherapist near you! You can specify what area of practice you require treatment in to find the physiotherapist most suited to your needs (e.g. arthritis, orthopaedics, hand therapy). You can also filter on the clinic type to locate physiotherapists who work in private clinics, public workplaces, mobile clinics (i.e. home visits), or to find those who offer Virtual Care.
