

PHYSIOTHERAPY ASSOCIATION OF BRITISH COLUMBIA

The Peter Huijbregts Memorial Award

SPIRIT OF THE AWARD

This award is in memory of Peter Huijbregts, a Victoria Physiotherapist who passed away suddenly in November 2010 at the age of 44.

Throughout his physiotherapy career, Peter was known for his dedication to all aspects of physiotherapy. He published over 40 papers, lectured and taught university internationally, wrote chapters in physiotherapy texts, and served as editor of the Journal of Manual and Manipulative Therapy all while maintaining his own orthopaedic practice. His long waiting list of patients was a testament of the quality and compassionate nature of his care. His commitment to both learning and teaching was unsurpassed. Clinicians frequently looked to Peter for mentorship, and he always made time to answer questions and engage in thoughtful discussion regarding physiotherapy.

This award is a legacy to Peter's significant contribution to the physiotherapy profession both locally and internationally through his teaching and research. It recognizes the same passion for knowledge, teaching and research in a PABC member.

This award is made possible by CBI Health.
